FOR IMMEDIATE RELEASE

Taney County Health Department Seeks Community Input
April 20, 2022

The Taney County Health Department (TCHD) seeks community feedback through the 2022 Taney County Community Survey. This survey, completed every three years, helps local leaders understand the thoughts and needs of the community. The survey asks about topics such as transportation, housing, and access to healthcare. Answers are anonymous and help build a roadmap for future work to support community needs.

“Answers to the Community Survey help guide local programs and decisions,” said Jamie Leigh Orlando, Community Development Specialist at the Taney County Health Department. “Every completed survey gives us a clearer picture of where the community currently stands and what direction it wants to move. It helps us know how to better serve everyone over the next three years.”

TCHD is asking for your help to make this survey successful. The online version is available at www.taneycohealth.org. If you would prefer to take the survey on paper, contact the Taney County Health Department at 417-334-4544 extension 224.

###

The Taney County Health Department envisions a community of healthy people. Every day, we work to achieve this vision through leadership, collaboration, education and service. We value integrity, learning, teamwork, positive communication, quality improvement and dedicated service. Please visit our website <http://www.taneycohealth.org> to learn more about our services.
