

I understand that:

- Rooms removed from my lodging license may not be occupied for any length of stay by paid or unpaid guests, including employees or workers. If I wish to return rooms to service, I must submit this form requesting its return to my lodging license.
- All rooms added to my lodging license must pass all necessary inspections and may incur additional fees.
- I should contact the Taney County Health Department **and** my city or county government when changes to my license (including ownership changes), renovations, or the addition or removal of rooms are being planned to avoid interruptions to my lodging operations and because additional items such as permits, inspections, documents, etc. may be required. Only my city or county government can tell me what their requirements are so I must contact them for those details.
- **I can learn more about how this change will impact my lodging facility by calling TCHD’s Environmental Health Division at 417-334-4544, ext. 593.**

Name of licensee as stated on the license (please print):

Sign using Acrobat Reader by clicking on ‘Fill & Sign’ on the right then click the signature icon at the top of the page.

Signature of licensee as stated on the license:

Licensee Phone Number:
